

Sun Daze

Florida Georgia Line

I'm gonna wear my flip-flops and
I'm gonna play some flip-cup and
Rock a little bit of hip-hop and Haggard and Jagger
And throw a 20 on the corn hole game
If I'm lucky yeah I might get laid
The way that it's going, the keg gon' be floating
All I wanna do today is wear my favorite shades and get stoned
Work a little less, play a little more
That's what this day is for
And all I wanna do is lace my J's and lace some Jack in my Coke
Work on my laid back, ain't nothin' wrong
With gettin' my sun daze on, gettin' my sun daze on
Girl you know you're the life of my party
You can stay and keep sippin' Bacardi
Stir it up as we turn on some Marley
If you want you can get on Harley
I sit you up on a kitchen sink
Stick the pink umbrella in your drink
The way that we're feeling we gone by this evening
But all I wanna do today is wear my favorite shades and get
stoned
Work a little less, play a little more
That's what this day is for
And all I wanna do is lace my J's and lace some Jack in my Coke
Work on my laid back, ain't nothin' wrong
With gettin' my sun daze on, gettin' my sun daze on
All I wanna do today is wear my favorite shades and get
stoned
Work a little less, play a little more
That's what this day is for
And all I wanna do is lace my J's and lace some Jack in my Coke
Work on my laid back, ain't nothin' wrong
With gettin' my sun daze on, gettin' my sun daze on
Gettin' my sun daze on
