

# Slit My Wrist

## Murderdolls

When they find ya  
Paranormal chicken geek  
Drugged up superstar fiend  
Gender bending galactic freak  
Sci-fi lobotomy  
Exorcism, circumcision  
Horrifying gruesome scene  
Bloodsuckers, a motherfucking  
Brain dead neurotic fiend  
Sick, get sick on this  
You motherfuckers make me  
Wanna slit my wrist  
Sick, so sick of this  
I wanna slit my wrists  
A basket case, stitched-up face  
Be all you can be  
Chiller, killer, monster thriller  
Trigger happy zombie  
Radiation, masturbation  
Infect the other human beings  
Supersonic, chronic, vomit  
Barbed wire cock ring  
Sick, get sick on this  
You motherfuckers make me  
Wanna slit my wrist  
Sick, so sick of this  
I wanna slit my wrists  
Sick, get sick on this

You motherfuckers make me  
Wanna slit my wrist  
Sick, so sick of this  
I wanna slit my wrists

[Incomprehensible]Murder, murder, yes indeed
