EVE 6

Turn turn the radio low,
I've got to talk to you,
Turn turn the radio low
Got a half Armenian girlfriendShe tests me like a scantron
She'll only tell me what's wrong
If she's hit the bong ba bong bong
Feeling melodramatic and spasticShe ain't made of West Coast plastic,
I lie awake with an aching,
Is it all in my head like she said
I'm in love with the soundsThat you make and the ground that you walk on
I'm running after you, I'm in love with the way
That you're making me wait
I just want to be catching up to you
