

# Changing Times (feat. Frankie Beverly)

## Maze

In this world there are all kinds changes  
It's enough to really blow your mind  
You and me we keep on pushing and pushing  
We'll get through these changing times  
Things are up things are down lord it's crazy  
To survive you've got to know the signs  
You and me we keep on lovin' and lovin'  
We'll get through these changing times  
We'll get through these changing times  
We'll get through these changing times  
In this world there are all kinds changes  
It's enough to really blow your mind  
You and me we keep on pushing and pushing  
We'll get through these changing times  
We'll get through these changing times  
We'll get through these changing times  
We'll get through these changing times
