

# Pop Game

Josh Kelley

Flipping through the magazines and  
Staring at the beauty queens  
I wonder if I can live the way they do  
Wouldn't it be nice if I could be so recognized  
I wouldn't have to wait in line with all of you  
What would I want that for?  
What would I need that for?  
I could flip backwards  
Sing a little faster  
Bring them all to their feet  
Living like a rock star  
Climbing up the pop charts  
Be the flavor of the week  
Now would you still remember my name?  
Could you still remember my name?  
In the pop game  
Living in the pop game  
In the pop game  
I've gotta admit, I've changed a bit  
But what the public wants, the public gets  
And my designer jeans  
They make my ass look tight  
And if I play my cards correct  
Well, you can guarantee I'll cash the check  
'Cause I don't wanna live on what I'm making tonight  
Break through another door  
Find what I'm put here for  
I could flip backwards  
Sing a little faster  
Bring them all to their feet  
Living like a rock star  
Climbing up the pop charts  
Be the flavor of the week  
Now would you still remember my name?  
Could you still remember my name?  
In the pop game  
So just lend your ears while I sing my song  
'Cause I think I can take you higher  
All our friends are here

Come and sing along  
And we all sing  
La, la, la, la, la, la  
Come and sing with me  
La, la, la, la, la, la  
And you sing with me, we go  
La, la, la, la, la, la  
Oh, sing it  
La, la, la, la, la, la, yeah  
I could flip backwards  
Sing a little faster  
Bring them all to their feet  
Living like a rock star  
Climbing up the pop charts  
Be the flavor of the week  
Now would you still remember my name?  
Could you still remember my name?  
Well, if you think so go  
La, la, la, la, la, la
