

# Harmony (From "Skylanders Academy")

## Timbaland

Together now, together, together  
Together now  
We were born to fly, limitless  
No matter what, we stay up  
If we're a team that is enough  
No boundaries, we're fearless  
Where we go on, we go all  
We never break, we never fall  
In this world that we're creating  
Magic's all around  
We can fly above the ground  
Hey yeah, we should come together  
Let's be heroes in the night (in the night)  
Black spotlights beaming in the black sky  
We can lift the darkness with our light  
'Cause everybody's in harmony (all together now)  
Harmony (all together now)  
Harmony (all together now)  
Everybody's in harmony (all together now)  
Harmony (all together now)  
Harmony (all together now)  
Whenever chaos gets to crazy  
Trouble knocks on the door  
With your heart above the floor  
Keep shining, yeah, keep trying  
Something's wrong but we're strong  
Face your fears until they're gone  
In this world that we're creating  
Magic's all around  
We can fly above the ground  
Hey yeah, we should come together  
Let's be heroes in the night (in the night)  
Black spotlights beaming in the black sky  
We can lift the darkness with our light  
'Cause everybody's in harmony (all together now)  
Harmony (all together now)  
Harmony (all together now)  
Everybody's in harmony (all together now)  
Harmony (all together now)

Harmony (all together now)  
(All together, harmony)  
(We're all together, in harmony-y)
