Please don't sell me sould train,
How your express stopped runnin.
Please don't sell me soul train,
how it used to come round right on time.
Please don't sell me soul train,
how you're out there funnin and 'a' sunnin,
and please don't say to me
I'm what you seek but cannot find.
'cause, I'm your show train.
let me show you my sleepin car.
I'm your so low train.
Best believe you've never been this far.
I'm your solo train.
Steamin up and down your track.
I'm your flow train.
let me show you somethin
step on back.
I said, please don't sell me soul train.
How you've gone deep under cover.
Please don't sell me soul train.
you changed salty water into wine.
Please don't sell me soul train,
you're pinin' for another.
'cause, I love how your woogie boogies babe
sendin' shivers up and down my spine.

there is a chorus also.
