I Feel For You

Lila McCann

We keep running into each other
You keep talkin' about your lover
How it's fallin' apart
And she's breaking your heart
Well, I hate to see you hurtin'
And I'm sorry that it's not working
What do you want from me?
You've got my sympathyI feel for you
Oh, I feel for you
I know what it's like to reach out at night
For someone to hold ontoI feel for you
Since you left me for someone new
Don't come to me now
When you know how I feel for youI could easily be persuaded
To take you back but I'm too afraid it'd
Hurt me even more than it did before
And it'd be the same old story
You'd leave another heartache for me
Oh, how I wish I could help
But I've got to think of myselfI feel for you
Oh, I feel for you
I know what it's like to reach out at night
For someone to hold ontoI feel for you
Since you left me for someone new
Don't come to me now
When you know how I feel for youDon't come to me now
When you know how I feel for you
