Winter Blue

Heather Nova

Kiss your lashes hiss you low
I'm driven to you like the driven snow
There's a place for us to lie
For every lover there's a piece of sky

To every life a light that shines
To every heart a beat that's true
Baby you're my yellow summer
Baby you're my winter blue

You know that this was meant to be
Long ago a hundred years from now
Tossing on an open sea
Love so good it's easy to go down

To every life a light that shines
To every heart a beat that's true
Baby you're my yellow summer
Baby you're my winter blue
Baby you're my yellow summer
Baby you're my winter blue

To every life a light that shines
To every heart a beat that's true
Baby you're my yellow summer
Baby you're my winter blue

Love you like a jungle fever
I'll never never never, I'll never leave
Through every vein and every fiber
I'll never never never, I'll never leave

To every life a light that shines
To every heart a beat that's true
Baby you're my yellow summer
Baby you're my winter blue
Baby you're my yellow summer
Baby you're my winter blue
Baby you're my yellow summer
Baby you're my winter blue

Winter blue, winter blue
Winter blue, my yellow summer
