

# Power

Cassie Steele

Turn me on  
I've been down and out for far too long  
If I start, I can't stop pouring out your mouth  
And light me upRunning through my veins  
Baby I can almost taste it  
I can feel it coming close  
I feel your body shaking  
I want it so I'll take it  
Baby try and tell me no no no  
My body's like oh ohI just want the power  
I just love the power  
No way I can warn you  
'Bout to teach you  
It hits me so hard like a hurricane in my heart  
(Pow-pow-ow-er, pow-pow-ow-er)Say my name on your knees  
To me and start to pray  
I'm above it all  
Oh I'm flying high, invincibleRunning through your veins  
Yeah I bet I feel amazing  
I can feel you coming close  
I feel your body shaking  
I want it so I'll take it  
You can not tell me no no no  
Your body's like oh ohI just want the power  
I just love the power  
No way I can warn you  
'Bout to teach you  
It hits me so hard like a hurricane in my heart  
(Pow-pow-ow-er, pow-pow-ow-er)Oh the hunger  
When it leaves me so empty  
Falling under  
It's just one thing I'm feigning(Pow-pow-ow-er, pow-pow-ow-er)I just want the power  
I just love the power  
No way I can warn you  
'Bout to teach you  
It hits me so hard like aI just want the power  
I just love the power  
I just want the power  
'Bout to teach you

It hits me so hard like a hurricane in my heart  
(Pow-pow-ow-er, pow-pow-ow-er)
