

Dancing In the Dark

Tokio Hotel

Dancin' in the dark
To cure my heart
Dancing in the dark
To cure my heart
Dancin' in the dark Another random night
Try to feel alive
I keep runnin' on
Away from the sun
Haunted by your shade
A permanent ache
Try to find myself
But the feeling is gone With every breath I take
I lose my intuition
Drownin' in teardrops
Fight against the lust
Pictures of the past
The pain comes
Crashing down on me
I remember us
But the feeling is wrong Dancin' in the dark
To cure my heart
Dancing in the dark
To cure my heart
Dancin' in the dark Listen to the beat
Starrin' at our seats
I keep dancin' on
They're still playin' our song Snow blows through my mind
It makes you comin' back to me
Just that one more time
But your feelings are gone Why can't you fight about us
Why can't we fight about us
Why can't you fight about us
Why can't we fight about us We're innocent creatures
That's what they want to teach us
Forget to tell you what to do when
All your feelings are gone Dancin' in the dark
To cure my heart
Dancing in the dark
To cure my heart

Dancin' in the dark
