

My Baby Loves Lovin' (Re-Recorded)

Elton John

My baby loves loving, my baby loves loving
She's got what it takes, and she knows how to use it
My baby loves loving, my baby loves loving
She's got what it takes, and she knows how to use itI was lonely once in this great big world
Just a nowhere man without a girl
'Til that lucky day when she came my way
And she smiled at me as if to sayMy baby loves loving, my baby loves loving
She's got what it takes, and she knows how to use it
My baby loves loving, my baby loves loving
She's got what it takes, and she knows how to use itShe's the only one, makes me feel so good
Can't believe my love so I knock on wood
All my silent fears seem to fly away
And she smiled at me as if to sayYour baby loves loving, my baby loves loving
She's got what it takes for meNo more lonely nights just waiting for the telephone to ring
No more lonely days, my baby's taking care of everything
I'm telling you peopleMy baby loves loving, my baby loves loving
She's got what it takes, and she knows how to use it
My baby loves loving, my baby loves loving
She's got what it takes, and she knows how to use itShe's the only one, makes me feel so good
Can't believe my love so I knock on wood
All my silent fears seem to fly away
And she looked at me as if to say
