Dream Big

Britney's Spear

This is a Jazmine Sullivan exclusive suckers
We can take up , we can take up like this
Packing up my shh and I'm going real far
Going off to Hollywood to be a big star
There's nothin' here for me, so I gotta move fast
And I'm gettin' on the road and will never look back
(Hey)
I gotta dream big
(Dream big)
'Cause when it happen
It's gon' happen real quick
Yes, I feel it, I gotta
I gotta move fast
'Cause when it happen
I can't let it go past
(Only get one chance)
Can't spend another second
Sitting on my mama's couch
So if I don't take a chance
I won't ever get out
Some people talk but never
Do they just runnin' they mouth
But I mean just what I say
And I'm a show them about, yeah
I gotta dream big
(I gotta dream big)
'Cause when it happen
It's gon' happen real quick

Yes, I feel it, I gotta
I gotta move fast
'Cause when it happen
I can't let it go past
(Only get one chance)
When it feel like you been waiting
All your life for the second
You'll be a fool to just let it past, so go and get it
No matter near or far, to the moon the stars
I'll do whatever I need to follow my dream

I gotta dream big
(I gotta dream big)
'Cause when it happen
It's gon' happen real quick
Yes, I feel it, I gotta
I gotta move fast
'Cause when it happen
I can't let it go past
(Only get one chance)
I gotta dream big
(I gotta dream big)
'Cause when it happen
It's gon' happen real quick
Yes, I feel it, I gotta
I gotta move fast
'Cause when it happen
I can't let it go past
