So & So So & So From Wherever Wherever

Built To Spill

So & So From Wherever Wherever you're a fool for everything like to think that you're immune to the stuff you're gonna have to face it I'm a fool for not thinking that things would turn out this way it's closer to the truth to say you're full of shit so & so he has a job gets up at a certain time goes to a certain place it's not what he would choose to do takes a lot of pride in his work just does it for the money and the opportunity so & so so & so from wherever wherever so & so so & so from wherever wherever so & so so & so from wherever wherever more or less a waste of flesh so & so so & so from wherever wherever don't be so hard on yourself you're so insecure you probably think this song's about you there's plenty of flesh to go around besides it's not like you are not using it and who is who to say what flesh should do so & so so & so from wherever wherever and who should have it for that use so & so so & so from wherever wherever so & so so & so from wherever wherever so & so so & so from wherever wherever wherever (15x)
