## **Devics**

something has to change something has to give I could re-arrange my mind and what I did if I were to choose either way I loose I could be alone or be alone with youempty space to fill an empty place everything I see is meaningless to me if it's how you feel than it's realwas I wrong to just go on and on you never knew that I was gone what does that say of me you never thought that I only needed you just for a little whileempty space to fill an empty place everything I see is meaningless to me you make me tired life wants to live you just want to watch it
