Only Worse

Randy Travis

I just dropped in 'cause I could use a friend and a little bit of consolation
I'm hanging by a thread from the southern end of my rope
If you really wanna know I'll do my best to explain my situation
Maybe I can find the words if the tears don't get me firstIt's kinda like fallin' from the sky when you're up a mile high
And your parachute won't open, kinda like clingin' to the bottom
Of the bottom when the bottom drops out
The only way I know to say how bad her leaving hurts
It's kinda like a heartache, only worseIt wasn't my first brush with love but this one was the deepest
Yeah, I've been blue but this time it's closer to black
Swore I'd never get hurt again but here I am in pieces
When this was broke my heart that was just the startIt's kinda like fallin' from the sky when you're up a mile high
And your parachute won't open, kinda like clingin' to the bottom
Of the bottom when the bottom drops out
The only way I know to say how bad her leaving hurts
It's kinda like a heartache, only worseIt's kinda like being cut open
Kinda like being burned at the stake
Kinda like drownin' in the ocean knowin'
Knowin' there's no help on the wayIt's kinda like fallin' from the sky when you're up a mile high
And your parachute won't open, kinda like clingin' to the bottom
Of the bottom when the bottom drops out
The only way I know to say how bad her leaving hurts
It's kinda like a heartache, only worse, only worse
