Souls Encounter

The Wake

Mind distortion
Sorcered potion
Souls encounterLight embrace me
Dark redeems me
Laws deceatWhen has the darkness begun
Why does my life exists? Why the brains do guide me?
My soul deploited - The scorn is earned...Heading towards
Walking backwards
It's surreal - you think?Last in foodchain
Passed the deadline
I'm leaving behindLive from leftouts
Waiting for blackout
Voices surroundMind distortion
Sorcered potion
Souls encounter[chorus]
I let the foolish people guide me
I'm not the strongest man
When you can't see me
when you can't feel me
I'm all around in hereDon't let it change your life today
Don't let it plant the fear of god in me[Solos: Lempinen]
