I'm tired of common faces and ordinary places
I wanna shake my booty like I was rich and snooty
Wear the diamonds and furs, Gucci, Jacob, Chanel
Donatella would be, my poodles best friend as well
I wanna spend my cheese if I just so much as sneeze
Buy the things I crave, like I dont have to save
I wanna cruise in my Benz
Pretend I don't know my friends
Don't care 'bout keepin it real
In my Manolo B. heelsI wanna party like a rock star baby
I wanna rock it like a superstar
I wanna party like a rock star baby
I'm gonna do this yeah cause thats who we areI wanna party like a Rock star baby
(Oh yeah we hanging with the stars in the bars)
I wanna rock it like a superstar
(Got turbo cars and we be smoking cigars)
I wanna party like a rock star baby
(We're top celebrities with attitude)
I'm gonna do this yeah cause thats who we are
(We're gonna party cause were in the mood)We pull, up to the spot and
Quick check, we're lookin hot!
Steppin' out and everyone screams
Strike a pose for the magazines!I wanna cop a kiss from Justin, so what if I cant trust him?
Flirt with Dave Navarro like there aint no tomorrow
Don't know none of my friends when I bounce with Eminem
Down and dirty with Christina like it ain't no misdemeanor
Slap some ice on Lenny though I ain't got all his penny
Stretch out in his limo till he learns my M.O.
Put the party on lock
Walkin' in with Kid Rock
Be mizzunderstood like Pink
And then don't care what you thinkI wanna party like a rock star baby
I wanna rock it like a superstar
I wanna party like a rock star baby
I'm gonna do this yeah cause thats who we areI wanna party like a Rock star baby
(Oh yeah we hanging with the stars in the bars)
I wanna rock it like a superstar
(Got turbo cars and we be smoking cigars)
I wanna party like a rock star baby

(We're top celebrities with attitude)
I'm gonna do this yeah cause thats who we are
(We're gonna party cause were in the mood)You wanna party like a rockstar, baby?We pull, up to the spot and
Quick check, were lookin hot!
Steppin' out and everyone screams
Strike a pose for the magazines!I got my clique I got my entourage
We're lookin fabulous in pricey cars
The heads are turning as we cruise the streets
We're steady bumpin' to them Bad Boy beats
Bad Boy baby.A rockstar, I wanna party like a superstar,
Like a rockstar baby, I wanna party, yeah, yeah, yeah.(Oh yeah we hanging with the stars in the bars
Got turbo cars and we be smoking cigars
Were top celebrities with attitude
Were gonna party cause were in the mood)Yeah yeah, yeah,
Oh, I'm with bad boy, and I'm a bad girl,
Who wants to, who wants to, who wants to party all night long,
Who wants to party like a superstar? I wanna party,
Who wants to, who wants to, who wants to party like a rockstar?
