

Until I Met You

The Sunstreak

I once believed that there was no one for me, until I met you,
But I couldn't see how happy I could be,
Until I met you
Until I met you
Met youStanding alone, no one to call my own
Until I met you
Were holding on my own,
And I was colder than stone
Until I met you
YeahUntil I met you my world was empty,
Until I met you the sky was gray,
And everything I thought that I believed in
I can feel it all slip awayThat was up until the day,
Until the day I met youI'm fighting this battle with you by my side
You know that I need you
And I've got nothing to hideI'll stand by you always
Along for the ride
I'm here in this moment
I'm shedding my prideUntil I met you my world was empty,
Until I met you the sky was gray,
And everything I thought that I believe in,
I can feel it all slip awayUntil I met you my world was empty,
Until I met you the sky was gray,
And everything I thought that I believed in,
I can feel it all slip awayUntil the day I met you
Met youUntil I met you my world was empty,
Until I met you the sky was gray,
And everything I thought that I believe in,
I can feel it all slip awayUntil I met you my world was empty,
Until I met you the sky was gray,
And everything I thought that I believed in,
I can feel it all slip awayThat was up until the day,
Until the day I met you
