

# Hear Me Out

**Ben Kweller**

Breakin' the Rubik's cube  
Makin' me lose the beat  
Blue jean baby girl  
We are an apogee  
Down in the Christmas treeHear me out  
You don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)  
You don't know I'm hereI want it all too soon  
Faster than laser beams  
Come on people now  
Take your depressed friends out  
They need a love to stayHear me out  
You don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)  
You don't know I'm hereI wanna come and play  
Outside your bedroom gate  
I wanna pick you up  
Blue jean baby girl  
Take me to outer spacePhew, I found it now  
All of the common places are in their face  
The world is trapped inside  
Takin' me for a ride  
And I don't know your nameHear me out  
You don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)  
You don't know I'm hereYou don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)  
You don't know I'm here  
(Hear me out)

You don't know I'm
