

# Anything

PFR

Nothing I could say, would matter anyway  
Just a vain display with me in the middle  
No more empty words will anymore be heard  
All my rhymes and verbs mean very little Like whispers thrown against the wind  
Empty phrases caving in It doesn't mean anything without You  
Just words that I say without You  
Without Your spirit to sing  
Of this change of the heart that You bring  
Without You it doesn't mean anything Nothing I'll ever do, could ever hold a candle to  
The love displayed when You said You forgave me  
And what I know of love, is that I'm not deserving of  
One You call Your son, once sent to save me Like love holding the hand of hate  
You choose to love me anyway It doesn't mean anything without You  
Just words that I say without You  
Without Your spirit to sing  
Of this change of the heart that You bring  
Without You it doesn't mean anything It doesn't mean anything without You  
Just a nice melody without You  
Without Your spirit to sing  
Of the hope and the joy that You bring  
Without You it doesn't mean anything It doesn't mean anything without You  
Just words that I say without You  
Without Your spirit to sing  
Of this change of the heart that You bring  
Without You it doesn't mean anything Anything, doesn't mean anything  
Anything, doesn't mean anything  
Anything, doesn't mean anything  
Anything, doesn't mean anything
