Holiday

Massad

Beat Beat goes the heart thats scared of everything
Bang bang on the door Im trying to get in
No no I aint giving up
It's simple girl Ive just had enough
Let go and I'll take you far away from hereOh oh oh oh oh
Forget all your worries
Live like there's no tomorrow
Oh oh oh oh
Cant explain what Im feeling
Why can't you see itWe don't have to wait for the season
Wasting out time there ain't no reason
Somewhere it's summertime
Lets get out in the openIm Gonna take you out out out out
On a Holiday ay ay ay
Well see the rising su u u un
Everything's ok ay ay ayYou you better hurry up and answer me
We we gotta get away
Theres no choice you seeOh oh oh oh oh
Its holiday time
Youre my partner in crime
Oh oh oh oh
There's love in the air
This feelings electricWe don't have to wait for the season
Wasting out time there ain't no reason
Somewhere it's summertime
Lets get out in the openI wanna take you out out out out
On a Holiday ay ay ay
Well see the rising su u u un
Everythings ok ay ay ay ayIm Gonna take you out out out out
On a Holiday ay ay ay
Well see the rising su u u un
Everything's ok ay ay ayWhen the sun don't shine
And the clouds are grey
I'll hold your hand
Say it's all ok
Don't regret your life
Wishing you'd done things
That you didn't do
Cause you didn't believeI wanna take you out out out out

On a Holiday ay ay ay
Well see the rising su u u un
Everythings ok ay ay ay ayIm Gonna take you out out out out
On a Holiday ay ay ay
Well see the rising su u u un
Everything's ok ay ay ay
