

Supernatural (OST Supernatural)

Daughtry

Lost from the start, I might as well be on the moon
Much colder than I thought even in the month of June
No communication makes you feel so alone
Well, all we need is patience of which I've never really known But now it's too late, it's taking over me, it feels
so supernatural
And I'm pulled the other way, it's more than I can take
And I'm losing hold of everything
And no matter how I try you know I can't deny
'Cause you feel so supernatural Every step I've taken has led me here to where you are
But all that I believe in is keeping me from seeing too far
Throwing out the questions, waiting for the right reply
Looking for the answers, tell me will it be tonight? But now it's too late, it's taking over me, it feels so
supernatural
And I'm pulled the other way, it's more than I can take
And I'm losing hold of everything
When it's more than physical it's kind of hard to see beyond the glow
And no matter how I try you know I can't deny
'Cause you feel so supernatural Through the atmosphere I'm seeing
Glimpses of the past I'm leaving
Holding on for life as we collide Now it's too late, it's taking over me, it feels so supernatural
And I'm pulled the other way, it's more than I can take
And I'm losing hold of everything
When it's more than physical it's kind of hard to see beyond the glow
And no matter how I try you know I can't deny
'Cause you feel so supernatural Feels so supernatural, feels so supernatural
Feels so supernatural, feels so supernatural
