## I Was Made That Way

## Geri Halliwell

I guess I'm a bad girl
I've learned to make you cry
I'm hanging my guilty conscience
Drying on the lineLove's hangover is drifting away
I'm good and ready for love
'Cause I know it's a SaturdayHeaven should help me
You are my weekend lover
Just my plaything
When it's rainingI'm just like the weather
Never the same
I can't help it

I was made that wayI guess you're a bad boy You fooled around for years

I'm making my mind up, baby

A change is good, my dearLove's hangover is drifting away

I'm good and ready for love

'Cause I know it's a SaturdayHeaven should help me

You are my weekend lover

Just my plaything

When it's rainingI'm just like the weather

Never the same

I can't help it

I was made that wayHeaven should help you

You better run for cover

I'm sunshine and thunder

It's a wonderAnd when I say good bye

I want you to stay

I can't help it

I was made that wayHeaven should help me

You are my weekend lover

Just my plaything

When it's rainingI'm just like the weather

Never the same

I can't help it

I was made that wayHeaven should help you

You better run for cover

I'm sunshine and thunder

It's a wonderAnd when I say goodbye

I want you to stay

I can't help it
I was made that wayI was made that way
And I'm here to stay, baby
I was made that way
And I'm here to stay, baby
