

Wait For It

Usher

Oh, yeah baby yeah
Oh,, yeah babe
Oh, oh
Oh, yeah
Listen up I got a story to tell
Check it out now
And I know you can identify with this one
Yeah yeah yeah, oh
Check it out Figured I'd hit it and quit it just one night
Got so good to me doubled back twice, I
Must've been outta my mind
Knowin' I don't want to
I'm about to nut up
Guess it's too late to turn back now
Can't apologize 'cause that ain't my style
Shorty rainin' wet
Up in my ear talkin' 'bout
I got what you came for
This here got your name on it Go on and hit it
That's what it's made for
We got protection
That's what it's made for
Boo are you trippin' now
You know I got it
That's what it's made for
So I can do you like this, baby
So I can freak you like this, baby
Know you gon' felt it like this, baby
Girl I forgot it
But we gon' still get down like this Game rules, no cap no cut
But even Superman couldn't turn your love down, I
Slipped up, slipped in
Hey man what the hell you doin'?
Raw dog is a never
I know I know better
Heard her whisper
Don't worry I'm safe
Didn't matter 'cause it's already too late
I was lost in the sauce, dead wrong

And I ain't stoppin' now
Parleein' in the bush again
Didn't think about what I was puttin' in itGo on and hit it
That's what it's made for
She said, you got somethin on right?
That's what it's made for
Boo are you trippin'
You know I got it
That's what it's made for
So I can do you like this, baby
So I can freak you like this, baby
Know you gon' felt it like this, baby
Girl I forgot it
But we gon' still get down like thisBest stay where you are
That's what it's made for
Playa playa put it down
That's what it's made for
Oh baby turn around
You know I got it
That's what it's made for
So I can do you like this, baby
So I can freak you like this, baby
Know you gon' felt it like this, baby
Girl I forgot it
But we gon' still get down like thisI gotta go
(Mm mm, you ain't gotta go nowhere)
Look baby I, something's comin' up, I gotta
(Mm mm, just get it up one more time, let me touch it)
Again?
(Again and again and again)
Baby look,
(Come on, you know that's what it's made for)
You want me to sweat it out?
(I want you to sweat it all out)
I'ma get it baby
(Get it, take it)
OK
(Take it)
I'mma get up insideOh
That's what it's made for (that's what it's made for)
That's what it's made for
Don't trip, I got protection
You know I got it
That's what it's made for
I'm gon' do you like this, baby

Oh you gon' freak you like this
Felt it like this
We gon' still get down like this
That's what it's made for
Oh, playa playa put it down
That's what it's made for
Too late to turn back now
You know I got it
That's what it's made for
Do you like this
Freak you like this
Felt it like this
Girl I forgot it
But we gon' still get down like this And that's only the beginning (god)
I might as well just go to sleep here (damn)
