

Don't Walk over Me

[Paul Carrack](#)

You can't see the flip side of the coin
You can't feel the part where two hearts join
There was a time I could make your day
When love was strong; has it gone
Fading far away? Don't walk over me
Don't walk over me
Lift me up or set me free
But don't walk over me True, there's no reason for me to jump and shout
Give me love when your loves not around
I may not have the patience of a saint
Baby, please don't make me hurry up and wait Don't walk over me
I remember hearing footsteps running up to your door
They were echoes of my heartbeat
Nothing could be colder
How can love be over when you're still not sure?
