

# Love To The Limit

## S Club 8

Boy it's Friday night  
I'm looking for a place  
To go that's right  
Got one thing on my mind  
I'm heading where the music  
Flows let's ride...

And out on the street  
You can feel the heat  
A good things comin' on  
Just you and me gonna celebrate  
A groove sensation

[Chorus:]  
Gonna take this love to the limit  
So baby don't you stop  
Let's move it all night long  
Gonna dance to the rhythm  
The feeling is so right

Tonight can't get enough

So turn the music up  
Just let your body go  
Let's roll tonight  
'Cause right here's where we belong  
We're jamming in the key of life  
So tight

And out on the floor  
You can feel the beat  
A good things coming on  
Just you and me  
Gonna celebrate  
A groove sensation

[Chorus: Repeat 2X]

Boy don't you know  
You got the best of me

Ain't never gonna let you go  
And I can't wait gonna celebrate tonight...

[Chorus:]
