Floorfiller

Madcap

Floorfiller, floorfiller, floorfiller
Hey Mr. DJ, in case you forgot
I came to get down, so you better make it hot
'Cause I can't jump around when I hear groove killers
When I'm out sitting down, it's a clear time stealer
Give me a track with a phat kind of beat
A groove so unique that it kicks me off my seat
'Cause I won't find a mood with a new spine chiller
When the crowd hits the room, it's a true crowd thriller
Freeze, better make it hot
Music please, blow the spot
Play that funky music
That is how we want it, floorfiller
That is how we need it, floorfiller
Something's outta order, people in the corners
Don't you see it, can't you feel it?
Floorfiller
Crank up a bass that can raise up the roof
A bomb diggy drum comin' at me with a poof
Gotta boom, shake the room 'cause we're all heat seekers
With a jam that can slam down the walls, mindfreaker
Freeze, better make it hot

Music please, blow the spot
Play that funky music
That is how we want it, floorfiller
That is how we need it, floorfiller
Something's outta order, people in the corners
Don't you see it, can't you feel it?
You know by the sounds when the crowd is getting wild
Hands swinging high like a chopper in the sky
But a slow bump or flow ain't the way, floor freezer
See the name of the game is to play, crowd pleaser
Freeze, better make it hot
Music please, blow the spot
Play that funky music
That is how we want it, floorfiller
That is how we need it, showfiller
Something's outta order, people in the corners

Don't you see it, can't you feel it?
That is how we want it, floorfiller
That is how we need it, floorfiller
Something's outta order, people in the corners
Don't you see it, can't you feel it?
