

# O.p.p.

## Naughty By Nature

Army with harmony  
Dave drop a load on 'em  
OPP how can I explain it  
I'll take you frame by frame it  
To have y'all jumpin' shall we singin' it  
O is for other P is for people scratchin' temple  
The last P, well, that's not that simple  
It's sorta like another way to call a cat a kitten  
It's five little letters that are missin' here  
You get on occassion at the other party  
As a game 'n it seems I gotta start to explainin'  
Bust it  
You ever had a girl and met her on a nice hello  
You get her name and number and then you feelin' real mellow  
You get home, wait a day, she's what you wanna know about  
Then you call up and it's her girlfriend or her cousin's house  
It's not a front, F to the R to the O to the N to the T  
It's just her boyfriend's at her house  
(Boy, that's what is scary)  
It's OPP, time other people's what you get it  
There's no room for relationship there's just room to hit it  
How many brothers out there know just what I'm gettin' at  
Who thinks it's wrong 'cos I'm splittin' and co-hittin' at  
Well if you do, that's OPP and you're not down with it  
But if you don't, here's your membership  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
Who's down with OPP?  
(Every last homie)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)

Who's down with OPP?  
(All the homies)  
As for the ladies, OPP means something gifted  
The first two letters are the same  
But the last is something different  
It's the longest, loveliest, lean, I call it the leanest  
It's another five letter word rhymin' with cleanest and meanest  
I won't get into that, I'll do it, ah, sorta properly  
I say the last P hmm stands for property  
Now lady here comes a kiss  
Blow a kiss back to me, now tell me exactly  
Have you ever known a brother who have another like ah girl or wife?  
And you just had to stop and just 'cos he look just as nice?  
You looked at him, he looked at you and you knew right away  
That he had someone but he was gonna be yours anyway?  
You couldn't be seen with him at all and still you didn't care  
'Cos in a room behind a door no one but y'all are there  
When y'all are finish, y'all can leave and only y'all would know  
And then y'all could throw the skeleton bone right in the closet door  
Now don't be shocked 'cos if you're down I want your hands up high  
Say "OPP," "OPP!" I like to say with pride  
Now when you do it, do it well and make sure that it counts  
You're now down with a discount  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
Who's down with OPP?  
(Every last lady)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
Who's down with OPP?  
(All the ladies)  
This girl ah tried to OPP me  
I had a girl and she knew that matter of fact  
My girl was partner's that had a fall out  
Disagreement, yeah an argument  
She tried to do me so we did it in my apartment, bust it  
That wasn't the thing it must have been the way she hit the ceiling

'Cos after that she kept on coming back and catchin' feelings  
I said, "Let's go my girl is coming so you gotta leave"  
She said, "Oh no, I love you Treach" I said, "Now child please"  
You gotta leave, come grab your coat, right now you gotta go  
I said, "Now look you to the stairs and to the stairwindow  
This was a thing, a little thing, you shouldn't have put your heart  
'Cos you know I was OPP, hell from the very start"  
Come on, come on, now let me tell you what it's all about  
When you get down, you can't go 'round runnin' off at the mouth  
That's rule number one in this OPP establishment  
You keep your mouth shut and it won't get back to her or him  
Exciting isn't it, a special kinda business  
Many of you will catch the same sorta OPP is you with  
Him or her for sure is going to admit it  
When OPP comes, damn, skippy I'm with it  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
Who's down with OPP?  
(This whole party)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
You down with OPP?  
(Yeah you know me)  
Who's down with OPP?  
(This whole party)  
Break it down
