

Take Aim

Kasabian

Nightmares, oh nightmares come on now
Getting my days all wrong now
Risen from prison an outlaw
Spending our time in the lion's jaw
In the end you sink or swim, I'm eager, I'm eager Loving, more loving, come on now
Socially biting your tongue now
Run down, oh run down old houses
Feeding the cats to the mice Oh take aim now, oh take aim now
Can you see me in the way now?
Oh take aim now, oh take aim now
Gotta get us out of here Drop them and give them star prizes
Lock them away in high rises
Held off and called on by truncheons
Rattling keys to the dungeons Oh take aim now, oh take aim now
Can you see me in the way now?
Oh take aim now, oh take aim now
Gotta get us out of here Don't take me over
I bid you all farewell, I've got to leave
Tears on my shovel
Switch me off today Oh take aim now, oh take aim now
Can you see me in the way now?
Oh take aim now, oh take aim now
Gotta get us out of here Oh take aim now, oh take aim now
Can you see me in the way now?
Oh take aim now, oh take aim now
Gotta get us out of here Don't take me over
I bid you all farewell, I've got to leave
