

With You (Paul Goodyear Big Room Anthem Remix)

[Kimberly Davis](#)

There've been times when I have wondered
If I'd ever find my way
Days with so much darkness
All that I could do was pray
But now with you beside me
Here's the way I live each day With You!
I can be whatever I want
I can do whatever I need to With you!
I'll go through all life brings me
I put all my trust with you I wanna be with you, with you As I handle every burden
You are with me all the time
I always have my thoughts of you
That's how I live my life. But now with you beside me
Here's the way I live each day With you!
I can be whatever I want
I can do whatever I need to
With you!
I'll go through all life brings me
I'll put all my trust with You With you, I will get through
With you, I will get through With you, I will get through
With you, I'll get through But now with you beside me
Here's the way I live each day
