

Shuffle Just As Bad

Stephen Stills

Pretty woman, you lovely such and such
Think about the last time
You had a gentle touch
Did you feel it, ain't it just too much?
See somebody pretty look you in the eye
That's the one that [Incomprehensible]
Do you need a place to hide?
As I'm just as bad as anything

You ever thought about anyone
And I know our time's goin' to come
Just as sure as the risin' of the sun
And I know she loves me so
See somebody pretty look you in the eye
That's the one that [Incomprehensible]
Do you need a place to hide?
