

# Joy To The World

## Whitney Houston

Joy to the world the Lord is come

    Let Earth receive her King

    Let every heart prepare Him room

And Heaven, let Heaven, Heaven and nature

    Heaven and nature sing

    Everybody sing joy to the world

    The Lord is come

    Let Earth receive her King

    Let every heart prepare Him room

    Let Heaven and nature sing

    Let Heaven and nature sing

        Go tell of His glory

        Go shout the new story

        That the savior is born

    Let Heaven, Heaven, Heaven

        Heaven and nature sing

Joy to the world the Lord is come

    Let Earth receive her King

    Let fields and flocks

    Rocks hills and plains

    Repeat the sounding joy

    Repeat the sounding joy

        Go tell of His glory

        Go shout the new story

        The savior is born

    Let Heaven, Heaven, Heaven

        Heaven and nature sing

        Sing Joy to the world

        For the savior reigns

    And makes his blessings flow

        Joyful all ye nations rise

        Join the triumph of the skies

        With angelic hosts proclaim

        Glory to the King

        While the angels sing

Joy to the world, the Lord is come

    Let Earth receive her King

    Let every heart prepare Him room

Go tell of His glory  
Go shout the new story  
That the savior is born  
Let Heaven, Heaven, Heaven  
    Heaven and nature  
    Sing joy to the world  
    Sing joy to the world  
        Everybody sing  
        Joy to the world  
        Sing joy to the world  
        Joy to the world  
        Sing joy to the world  
        Everybody sing  
        Joy to the world  
        Sing joy to the world  
        Joy to the world  
        Sing joy to the world  
        Everybody  
        Sing joy to the world  
        Sing joy, joy joy, peace, love, joy  
        He'll give you love, He'll give you peace
