Dr. Ice

Angel

Gambling is in his nature and his soul

To leave you broken is his goal

Winning is all that enters in his mind

He's cold as ice as you will findLosing is what he'll teach you when you play

For every leisure have to pay

Betting, it's such a sin when you don't win

See the frost when Doctor spin, spinDr. Ice, he plays the pot

You put in all you've got

Dr. Ice, he takes the lotGambling is in his nature and his soul

To leave you broken is his goal

Betting, it's such a sin when you can't win

See the frost when Doctor spinsDr. Ice, he's a pot

You put in all you've got

Dr. Ice, he'll take a lot
