wither

Q-Box

Let it out, let it out, fill the empty space
So insecure find the words and let it out
Staring down, staring down, nothing comes to mind
Find the place turn the water into wine
But I feel I'm getting nowhere
And I'll never see the end
So I wither and render myself helpless
I give in and everything is clear
I breakdown and let the story guide me
Turn it on, turn it on, let the feelings flow
Close your eyes, see the ones you used to know
Open up, open up, don't struggle to relate
Lure it out, help the memory escape
Still barrenness consumes me
And I feel like giving up
So I wither and render myself helpless
I give in and everything is clear
I breakdown and let the story guide me
I wither and give myself away

Like reflections on the page
The world's what you create
I drown in hesitation, my words come crashing down
And all my best creations burn into the ground
The thought of starting over leaves me paralyzed
Tear it out again, another one that got away
I wither and render myself helpless
I give in and everything is clear
I wither and render myself helpless
I give in and everything is clear
I breakdown and let the story guide me
I wither and give myself away
Like reflections on the page
The world's what you create
The world's what you create
Let it out, let it out
