

# wither

## Q-Box

Let it out, let it out, fill the empty space  
So insecure find the words and let it out  
Staring down, staring down, nothing comes to mind  
Find the place turn the water into wine  
But I feel I'm getting nowhere  
And I'll never see the end  
So I wither and render myself helpless  
I give in and everything is clear  
I breakdown and let the story guide me  
Turn it on, turn it on, let the feelings flow  
Close your eyes, see the ones you used to know  
Open up, open up, don't struggle to relate  
Lure it out, help the memory escape  
Still barrenness consumes me  
And I feel like giving up  
So I wither and render myself helpless  
I give in and everything is clear  
I breakdown and let the story guide me  
I wither and give myself away

Like reflections on the page  
The world's what you create  
I drown in hesitation, my words come crashing down  
And all my best creations burn into the ground  
The thought of starting over leaves me paralyzed  
Tear it out again, another one that got away  
I wither and render myself helpless  
I give in and everything is clear  
I wither and render myself helpless  
I give in and everything is clear  
I breakdown and let the story guide me  
I wither and give myself away  
Like reflections on the page  
The world's what you create  
The world's what you create  
Let it out, let it out
