Hookless

The Gamits

Whoa! I'm done. I thought you were, you're not.
I guess I tried. Once upon a time I had it right.
But now I get it wrong most every time. Yeah, I'm numb.
I guess I let it happen again. Once upon I time I had a life.
I can't remember why it's hard sometimes.
I convinced myself you were the one. Not yours, you're mine.
That seems just fine with me. Not yours, you're mine for way too long.
