

# Incredible

## Madonna

Just one of those things  
When everything goes incredible  
And all is beautiful  
(Can't get my head around it, I need to think about it)  
(Can't get my head around it, I need to think about it)  
And one of those things that used to get you down  
Now have no effect at all  
'Cause life is beautiful  
(Can't get my head around it, I need to think about it)  
(Can't get my head around it, I need to think about it) Remembering the very first time  
You caught that some ones' specials eye  
And all of your care dropped  
And all of the world just stopped (I hope) I want to go back to then  
Got to figure out how, got to remember when  
I felt it, it thrilled me  
I want it, to fill me Just one of those things  
When everything goes incredible  
And all is beautiful  
(Can't get my head around it, I need to think about it)  
(Can't get my head around it, I need to think about it)  
And one of those things that used to get you down  
Now have no effect at all  
'Cause life is beautiful  
(Can't get my head around it, I need to think about it)  
(Can't get my head around it, I need to think about it) You don't know what you got 'til it's gone  
And everything in life just goes wrong  
Feels like nobody's listening  
And something is missing (I hope) I want to go back to then  
Got to figure out how, got to remember when  
I felt it, it thrilled me  
I want it, to fill me Just one of those things  
When everything goes incredible  
And all is beautiful  
(Can't get my head around it, I need to think about it)  
(Can't get my head around it, I need to think about it)  
And one of those things that used to get you down  
Now have no effect at all  
'Cause life is beautiful  
(Can't get my head around it, I need to think about it)

(Can't get my head around it, I need to think about it)I remember when

You were the one  
You were my friend  
You gave me life  
You were the sun  
You taught me things

I didn't run  
I fell to my knees  
I didn't know why  
I started to breathe  
I wanted to cry  
I need a reminder  
So I can relate

I need to go back there

Before it's too lateIt's time to get your hands up  
It's time to get your body movingIt's time to get your hands up  
It's time to get your body movingIt's time to get your hands up  
It's time to get your body movingIt's time to get your hands up  
It's time to get your body movingJust one of those things

When everything goes incredible

And all is beautiful

(Can't get my head around it, I need to think about it)

(Can't get my head around it, I need to think about it)

And one of those things that used to get you down

Now have no effect at all

'Cause life is beautiful

(Can't get my head around it, I need to think about it)

(Can't get my head around it, I need to think about it)Incredible
