

The Devil's Gone To Dinner

LOLO

The devil's gone to dinner
A lie is just a lie but it dosen't matter anyway
Her i am somewhere
On highway 89
Let my mind walk
I cant't ask you to forgive me
It's not about the mony
You're way too proud to beg
Smoke me shoot your life away
I can't ask you forgive me
The dvil's gone to dinner
He'd rather be a victim
And have someon to blame
30 miles an hour
Red lighths glare in the dark on my face
I can't ask you to forgive me
It's not about the money
You're way too proud to beg
Smoke me shoot your life away
I can't ask you to forgive me
There's a man in the skay waiting for me
Who knows all the things i've done
God and bad, god and bad
I can't ask you to forgive me
It's not about the money
You're way too proud to beg
Smoke me shoot your life away
I cant ask you to fargive me
