

This Is Mine (Filmix)

Heaven 17

No more wasting time
Synchronize
Tell them this is mine Don't
Walk the other way
Tell me you will stay
Give me one more day So give up, I'm going on
If you stop, it won't change
One of us has lost the feeling
Which of us is not believing now? You can have it all
I don't need it
Tell them this is mine
Wanting is no crime
Happens all the time
When it gets you down
Rise and leave it
Tell them this is mine
Push away the stone
We are not alone Look into my eyes
And together we will rise
Above all we've seen
We will realize, synchronize Tell them this is mine
Wanting is no crime
Happens all the time Hold
Touch this hand of mine
Come away and find
What we left behind
So move up, we're going on
To the top, we'll take it
One by one we've got the feeling
Which of us is not believing now? Look into my eyes
And together we will rise
Above all we've seen
We will realize, synchronize
