You're Like Manchester

John Shuttleworth

You're like Manchester You've Got Strange ways
But You've got style too
And I miss you while I'm away
Your as pretty as a city in autumn too
and your like Manchester 'cause I love youYour like Manchester You've Got Strange ways
You are my Queen
And like a certain town will always reign
Your as pretty as a city in autumn too
and your like Manchester 'cause I love you....I doBut if you're like Manchester don't you Cheetham Me
If I rush home to find you've been in Whalley's Range
I won't be pleased
My Bellevue of the world will become a Fallowfield
But I know I can trust you, you're like ManchesterYour like Manchester
And I can Trust You
