Never Alone

2 Brothers on the 4th Floor

Black and white dancin' together
Side by side we'll make things better
You're never alone
Dancin' together
Side by side through stormy weather
You're never alone...
Never alone (x8)
I'm always on course with the force off course
Breakin' down doors, and no I won't pause
Here's an injection to all the people
Don't you stop movin' cause we're all equal
I'm the 3D2 and I'm here to help
Stop the violence and help yourself
To a better place for the human brace
Turn up the bass, time to rave
It's universal
Let's do it now, no time for rehearsal
Wave your hands for the master plan
And jam with the man here to slam
So throw your fist in the air and strive for peace
Happiness and unity
Can't you see we've got to make it better
Black and white together
It's time to wake up it's time to rise
Let freedom ring for you and I
We've got to take care of the world today
Hear what I say, no time to play
Save the ozone before it's gone like a storm
My word is born
Can't you see we've got to make it better
Black and white together
