

I'm So Miserable

Billy Ray Cyrus

I wake up every mornin'
In a lonely ice cold bed
Thinkin' 'bout the nightmare
That just played in my head
I think of all the things I miss
Like moments that we shared
A kiss so dear I'm so miserable without you
It's almost like you're here I search your house for coffee
But it's to no avail
The day's not even started
It seems it's shot to hell
The jeans I wear look like dirt
As I put on my old wrinkled shirt
It smells like beer I'm so miserable without you
It's almost like you're here But there was a time when you were mine
And life was such a pretty dream
Then you fell in love with that other man
That changed everything
The world I knew changed every day
As I watched it all slip away so clear I'm so miserable without you
It's almost like you're here I turn on my radio
They play your favorite song
Did I not do somethin' right?
Was there somethin' I'd done wrong?
As you pulled away, I should've tried
Instead of feelin' foolish pride an' fear I'm so miserable without you
It's almost like you're here I'm so miserable without you
It's almost like you're here
