Dream Tonight

Chris Medina

It's safe to say we're on our way
To a place that takes us far away,
Here we go, here we go.
It's breakaway to a brighter day,
To a place where there's no time and chase,
Here we go, here we go.
Make a wish and let it go,
Yours and mine and the ever grow.
Dream tonight,
Make the stars come alive.
Don't hesitate, don't wait,
Time don't lie.
Dream tonight,
Take the wheel and drive,
No fear, no tears to cry
Time don't lie.
So tie a string around the world,
A yo-yo up and down girl,
Here we go, here we go.
The sun and moon light up in space,
Your gazing eyes light up my face,
Here we go, here we go.

Reach into the atmosphere,
Watch our worries disappear.
Dream tonight,
Make the stars come alive.
Don't hesitate, don't wait,
Time don't lie.
Dream tonight,
Take the wheel and drive,
No fear, no tears to cry
Time don't lie.
It's safe to say we're on our way
To a place that takes us far away,
Here we go, here we go.
Dream tonight,
Make the stars come alive.
Don't hesitate, don't wait,

Time don't lie.
Dream tonight,
Take the wheel and drive,
No fear, no tears to cry
Time don't lie.
