Valentine's Treatment

The Undertones

If hate's a pleasure
Then the well meaning isn't meant
Valentine's treatment can make is all seem heaven sent(Tempting, tempting)
To keep it all a secret
(Tempting, tempting)
You know love's the treatment, I only wish it was mineIf he's playing cowboys or if she's acting old
Valentine's treatment can break pathetic molds
Take that boy who hates himself and can't wait to be told
Valentine's treatment can cure that twisted soulAnd love's a good word
'Til spread around like so much lies
It takes a treatment to rediscover that surprise(Tempting, tempting)
To keep it all a secret
(Tempting, tempting)
You know love's the treatment, I only wish it was mineIf he's playing cowboys or if she's acting old
Valentine's treatment can break pathetic molds
Take that boy who hates himself and can't wait to be told
Valentine's treatment can cure that twisted soul
