

The Road

[Nerina Pallot](#)

He came into this world
Kickin' that alone
He came out of the darkness
And the darkness was his home
Maybe it's for prays
Maybe it's for blames
Maybe the sound and fury know that was his name
But he don't follow, oh
He don't follow, oh
He don't follow, oh
No, he walks his road alone
He don't follow, oh
He don't follow, oh
He don't follow, oh
No, he walks his road alone
