Some Kinda Wonderful

Buzzcocks

The way you are to me
I must be blind I didn't see
I can't believe that this could happen with you
All my wildest dreams
Had fallen apart at the seams
But at the moment I think this one is trueRight there in the palm of my hand
Tell me how could I have been such a fool
I'm not gonna make no demands of you
'Cause you're some kinda wonderfulI took a double take
And gave myself an even break
You know I've never thought of you in that way
But with a love so strong
I can't see what we do is wrong
I just don't care whatever people might sayRight there in the palm of my hand
Tell me how could I have been such a fool
I'm not gonna make no demands of you
'Cause you're some kinda wonderfulThe way I feel about you
I find hard to explainI hear a voice is it my name you're calling
It couldn't come a minute too soon
'Cause you're some kinda wonderful
I'm up there with the Man in the Moon
'Cause you're some kinda wonderful
