

Heaven's Just A Breath Away

[Nate Sallie](#)

Looks like I've got all the time in the world
I've got all my days ensured
Heaven can wait while I am young
And in love with

Myself in the life I choose to live
Do you think that I collapse
Spacing between this world outside
And the call on my life

When will I realize
You've got me focused in Your sight
With the purpose that's divine
For there's time

Heaven's just a breath away
And I can't waste another day
Pretending that tomorrow's a guarantee
I've got a face, my reality
And Heaven's just a breath away

Falling into love with something more
Than a fling
I turn around and take a look
I've been told for

I don't want to mess a thing
I want all You've got for me
Wake me up with God-size dreams
I can't sleep

Heaven's just a breath away
And I can't waste another day
Pretending that tomorrow's a guarantee
I've got a face, my reality

Heaven's just a breath away
And I can't waste another day
Pretending that tomorrow's a guarantee

I've got a face, my reality, yeah

When I step out on the sea
No regrets will be following
I spend all there is of me
Cashing in on eternity

Until then I follow you
There's not a moment I can't lose
Wake me up with God-size dreams
I can't sleep

Heaven's just a breath away

Heaven's just a breath away
And I can't waste another day
Pretending that tomorrow's a guarantee
I can't waste another day

You've gotta face your reality, yeah
'Cause Heaven's just a breath away
You've gotta face your reality
