

# Better Than Chicken

## Jackyl

I like poontang better than chicken  
I like laughing better than bitching  
Share my smoke if your not snitching

I like poontang better than chicken Well I'm a walking down your drity road

I got the back woods of Georgia running through my viens

Ill be the last man standing that can never  
Abstain from a good time and  
A chance to unload

And I'm a walking down your drity road I like poontang better than chicken

I like laughing better than bitching  
Share my smoke if your not snitching

I like poontang better than chicken Well I'm revving up my musle car

I got the summber breeze blowing in my face  
I'll be the last man standing if you wanna race  
I'm a swinging low like a big rock star

And I'm a revving up my muscle car I like poontang better than chicken

I like laughing better than bitching  
Share my smoke if your not snitching

I like poontang better than chicken I like poontang better than the average bear

Let's lay it out play truth or dare

It gets good to me I do declare I like poontang better than chicken

I like laughing better than bitching  
Share my smoke if your not snitching

I like poontang better than chicken I like poontang better than chicken

I like laughing better than bitching  
share my smoke if your not snitching  
I like poontang better than chicken
