Girlfriends

Jamie O'Neal

Hey, hey, alright ladies
We're gonna show them
How it's doneI've been starin' all day at the same computer screen
Around here I'm treated like I'm just some damn machine
I punch in, I tune out, nobody cares what I'm all about
But at five that ends, they're waitin' for me, my girlfriendsYeah, yeah, yeah, we're gonna get loud
No doubt we're gonna get crazy
Yeah, yeah, yeah, who cares
If we do some damage to our reputationGuys can come and go
Life can turn around and let you down so fast
But when you need that one sure thing that's gonna last
Girlfriends kick ass, oh yeahSee the thing about a girlfriend is
If doesn't even matter if I show up in a bad mood
They're gonna make me laugh and change my attitude
Here's to one more, and me and my girls out on the floor
We'll dance all night long, so come on mister DJ play our songYeah, yeah, yeah, we're gonna get loud
No doubt we're gonna get crazy
Yeah, yeah, yeah, who cares
If we do some damage to our reputationGuys can come and go
Life can turn around and let you down so fast
But when you need that one sure thing that's gonna last
Girlfriends kick assCome on let me hear it
I like that now, more guitarYeah when we're together I can't help feelin' fine
Oh yeah, everything's alright
Tomorrow's comin' it'll be here soon enough
But nothin's buggin' us tonightYeah, yeah, yeah, we're gonna get loud
No doubt we're gonna get crazy
Yeah, yeah, yeah, who cares
If we do some damage to our reputationOh guys can come and go
Life can turn around and let you down so fast
But when you need that one sure thing that's gonna last
Girlfriends kick ass, oh yeahTalkin' about my girlfriends, come on, come on
Talkin' about my girlfriends, you know baby
Talkin' about my girlfriends
Talkin' about my girlfriends
